That all changes in an instant when a beer truck tips over on the highway and half the town shows up to get drunk. Bay Winchester is about to be the sole owner of the town newspaper so she heads out to take photos and accidentally stumbles over several bodies. Things are about to get wicked for the Winchesters. There's a killer in their midst and Bay appears to be displaying a new power that no one saw coming. It's only a matter of time until two powerful forces collide. Who comes out standing is anybody's guess but Bay's new power will be on full display and may be the ultimate factor in her survival. ...more [A Breath of Witchy Air \(Wicked Witches of the Midwest, #12\) PDF ebook](#)
